selfie mirror by studio wieki somers

With the Selfie mirror, Studio Wieki Somers once again captures the poetry of everyday rituals. Getting out of bed, checking your state in the mirror and choosing what clothes to wear. Simple and quite basic actions that will have an impact on your feelings for the rest of the day. That's why we should honour this ritual, in the form of a mirror that doubles as a coat rack. "You can hang your favourite item of clothing on this mirror and imagine how the garment will look on you", Wieki Somers explains.

valerie_objects in a nutshell

valerie_objects is an Antwerp-based design label initiated by Axel Van Den Bossche and art director Veerle Wenes, combining their professional and personal taste for all things good and beautiful.

By allowing designers, architects and artists to translate their signature style into tangible objects, valerie_objects has become a unique collection of everyday items with out-of-the-box aesthetics. These are objects people truly get entangled with.

Authentic thinking and creative minds are at the heart of the label.
